

San Francisco, CA (November 8, 2010)—*2012 and the Cabala* is the result of 40 years of study into the most mystical secrets known to the Jewish People. Corroborated from the synchronicity of the calendar, *2012 and the Cabala* brings together the ancient and the modern; by melding the 6000 year Hebrew calendar with the 5000 year Mayan calendar in conjunction with the 2000 year Roman calendar, Krafchow reveals surprising new information.

Roman politics is put into a spiritual perspective where George Bush becomes the prophetic last king of Rome called Irom/Naked because of the embarrassment brought upon his people – Bush in Hebrew mean embarrassment. Religious and scientific dogma is challenged; mathematical proof is augmented by the number science of gematria.

The message of *2012 and the Cabala* is positive and uplifting, illuminating a future reality that is more form than substance; *2012 and the Cabala* provides an in-depth look into the workings of creation over the last quarter million years. Tracing the advent of the human being from fire to flesh and showing how our present prophetic time is the culmination of 6000 years of human endeavor. *2012 and the Cabala* provides basic answers to ancient questions.

Advance Praise:

Dovid Krafchow's work represents a major shift in perspective. Any time an author does that he contributes to the body of wisdom in his field, and inspires new lines of thought. Krafchow adds to the power of his unique insights by writing in a clear and elegant manner. He brings to his subject a voice of authority that illuminates rather than obfuscates divine truth. "I was very impressed with *2012 and the Cabala* from the very first chapter. There is a lot of information here that deals with spirituality, science, gematria, and it is accessible and easy to understand even to those who are not familiar with Cabala. Very interesting prospects are discussed throughout the book, I particularly enjoyed how even the most abstract subjects are simplified with the use of analogies to our everyday life. Dovid Krafchow succeeds in answering many questions with wisdom and clarity. It's a great read."-- **Review by: Enrico Cittadino**
